Senator McCarren Has Endeavored to Make It Appear, but for "Police Reasons."

The sarcastic remarks of Comptroller Grout concerning the removal of Deputy Bridge Commissioner Westernacher have not served to make Charles F. Murphy and his adherents in Tammany feel more kindly disposed toward the McCarren following in Brooklyn. The claim is repeated by the Tammany lead-LONDON, June 13.-The demand for er that McCarren is clouding the real

McCarren's choice was known.

The stories current about his removal have it that for seven weeks previous to Commisioner McAdoo's action in turning him out he had absolutely nothing to do with the conduct of the Police Department in Brooklyn.

The wires were cut between Mulberry that the parker in steerage rates was magning the impression that have been arriving all these Parker. street and Judge Haggerty's headquar-ters. Commissioner McAdoo had personal charge of the Brooklyn police, although on trial days the deputy for

Brooklyn presided. Tammany men assert that they have room element. Later the strength of corn sent July up 1-2 cent over Saturday, to 54:3-4.

New York's opening prices were: Wheat—July, 91; September, 84:3-8 bid; December, 83-8.

Chicago's opening prices were: Wheat—July, 85:3-8 to 85:1-4; September, 89:3-8, to 80:1-4; December, 80: Corn—July, 85:3-8 to 85:4-5; September, 48:1-8 to 48:1-4; December, 48:1-2 to 48:3-4; December, 48:1-2 to 48:3-4.

New York's closing prices were: July wheat, 22:1-2 bid; September, 85:1-8 bid; December, 84:1-2 bid, July corn, 55; September, 84:1-4 bid.

Example of that Commissioner McAdoo is a few days after he had made a mistake a few days after he had made a mistake a few days after he had made a mistake a few days after he had made a mistake a few days after he had made the pappointment. Time after time, the Tammany adherents of Murphy assert. Commissioner McAdoo attempted to get into communication with Deputy mag-gerty, but was unable to find him. Not even Senator McCarren appeared to know where he was.

The Tammany story has it that Commissioner McAdoo would have removed his deputy for Brooklyn two months knowledge that Commissioner McAdoo

his deputy for Brooklyn two months before final action was taken but for the fact that politics intervened. He was asked not to stir up a fight before the State Convention. The Tammany men say that Senstor McCarres, there

well outside the district. It is not Prompted by Politics, as Former Alderman Seeks to

trict, Who Has Big Following. The list of Tammany district fights 1 growing merrily. Ex-Alderman George Burrell is declared now to be after the leadership scalp of Harry C. Hart, of the Thirtieth Assembly District. Bur rell says he has been told by the powers that be in Tammany to go shead and

make his fight, that Tammany likes dis-triot fights because they tend to keep the respective leaders alert The regular organization of the Thir tieth, however, doesn't want a change of leadership if the Hell Gate Democratic Club of the district dispenses th real sentiment in the district. The club neld a largely attended meeting last night at the new club-house, at No. 245 East Ninetieth street, and voted unani-

mously to support Leader Hart.

President Frederick Stroh presided and pointed out that when Hart took command of the district its Democratic majority was only 1,500; now, he stated, the Tammany majority is 3,300, "That's the sort of leaders Tammany wants at the helm," he added.

Frederick Ruppert, brother of the Congressman, presented resolutions in Bremen or Antwerp to New York or support of Leader Hart, which were econded by Robert F. Wagner. The meeting commemorated the open-

ing this, took advantage of it and suc-ceeded in creating the impression that Murphy was fighting him because of Judge Parker. deceded in creating the impression that Murphy was fighting him because of Judge Parker.

About two weeks before the removal of Deputy Commissioner Haggerty he had a fist fight with Kenneth Sutherland in a Brooklyn saloon and was so baddy beaten up that his friends did not see him for several days. This fight was the talk of the City Hall section of Brooklyn for some time, overshadowing even another story that had been passed about relative to Deputy Commissioner Haggerty's attitude toward pool rooms.

All the time there was dissatisfaction in Tammany Hall over Deputy Commissioner Haggerty's handling of the Brooklyn police Senator McCarren stood by his law partner. He was asked it is said, to tell Judge Haggerty that he was running the police along lines not indorsed by the administration, but refused to use his authority. The Tammany men say that at the time Judge Haggerty was removed conditions in Brooklyn were about as rotten as it was possible for them to be.
